

AGM 2015 - Parish website, Usage Details (Google Analytics)

The following tables show the details of the last 12 month with the previous 12 (I'm no authority on what these figures really mean, especially in terms of natural expected increases) and compares the years.

Metric	Description								
	Total number of Sessions within the date range. A session is the period time a user is actively engaged with your website, app, etc.								
1	All usage data (Screen Views, Events, Ecommerce, etc.) is associated with a session.								
2	Users that have had at least one session within the selected date range. Includes both new and returning users.								
3	Pageviews is the total number of pages viewed. Repeated views of a single page are counted.								
4	Pages/Session (Average Page Depth) is the average number of pages viewed during a session. Repeated views of a single page are counted.								
5	The average length of a Session.								
6	Bounce Rate is the percentage of single-page visits (i.e. visits in which the person left your site from the entrance page without interacting with the page).								
7	An estimate of the percentage of first time visits.
